

General indications

The executions shown in the dimension tables of the preceding lists are the standard designs of the motor concerned. Pictures are non-binding. Constructions deviating from those pictures are special executions and have additional prices.

In default of another agreement we calculate after contract an usual charge for all **changes** stipulated.

Prices

The prices are valid at delivery without installation or mounting, ex works, excluding package.

VAT to be added where applicable.

Copper surcharges

Prices are subject to a copper-DEL-index of Euro 230.- per 100 kg. At indices exceeding 230.- the following surcharges are to be calculated:

DEL-index in Euro per 100 kg	copper surcharge in %
225 to 275	1,2
275 to 325	2,5
325 to 375	3,5
375 to 425	4,5
425 to 475	5,5

Ruling for calculation of the copper surcharges is the DEL-index of the date of receipt of order.

Rules and regulations

During operation our operating and safety instruction are to be considered. We stress that the rules for the prevention of accidents and the installation rules valid for the location of the buyer/user are strictly to be observed by all means.

We do not accept any liability for incorrectly usage. Special requirements concerning noise emission are to be considered when setting up the machine or plant.

Sales and delivery conditions

The "General conditions for the supply of products and services of the electrical and electronics industry" as well as our supplements to section III and also the "General Sales conditions for products and services of WALTER PERSKE GmbH" are applicable.

Performance location for deliveries and payments as well as the sole court of arbitration is Mannheim.

All earlier issues are cancelled with the publication of this list.

We reserve the right to change at any time all technical datas.
